Let us help you provide  
the care they need

We all want the best for our parents, but as they get older they often need more support than we ever planned for. We often feel stretched and guilty that we're not doing enough. That's where Bayshore Home Health comes in – offering Care Providers that look after daily tasks and support your parents, right in their home.

Bayshore Home Health's nurse-supervised Care Providers are certified in their profession, carefully selected and screened, and fully insured and bonded – so you'll have peace of mind knowing that your parents are well cared for.

Some of the duties that a Care Provider can help with include:

- ~ Companionship
- ~ Light housekeeping
- ~ Transportation and escorts
- ~ Meal preparation
- ~ Live-in care
- ~ Laundry
- ~ Dressing, eating and feeding assistance
- ~ Personal hygiene and bathing
- ~ Respite care
- ~ Home safety assessments
- ~ Regular check-in visits
